

## Food datasheet

# Declaration of compliance for EU-regulation 1935/2004/EU

<b>Abena article number</b>	1999903662-1999903666 Vinyl Gloves, Powder-Free, Black Colour, Vitriile Blend Excellent range.
<b>Declaration of conformity</b>	By declaration of conformity the manufacturer has guaranteed that the raw materials used for mentioned products are always of the same kind. Furthermore, the manufacturer guarantees that changes in raw materials and production methods will be informed to ABENA in due time before these changes come into force to enable the necessary tests according to 1935/2004/EU and 10/2011/EU to be carried out.
<b>Migration tests</b>	<p>Total overall migration test is conducted according to 10/2011/EU. Test conditions: 2 hours at 70°C. Test Simulants: Acetic acid 3%, ethanol 10% , 20%, The products comply with migration limit for 60 mg/kg/10 mg/dm<sup>2</sup>.</p> <p>The specific migration test is conducted according to 10/2011/EU. Test of Phthalates and vinyl chloride monomer.</p>
<b>Heavy Metal</b>	The specific migration test is conducted according to 10/2011/EU EN13130-1:2004 for heavy metal and passes the max permissible limit Tested specimens Aluminum, Barium, Cobalt, Copper, Iron, Lithium, Manganese, Nickel and Zinc.
<b>Traceability</b>	The products are labelled to enable a quick sorting and withdrawal. The traceability is adjusted to each product within raw materials, inner and outer packaging.
<b>Migration test for surface and volume area</b>	10 dm <sup>2</sup>
<b>Dual-Use</b>	The product do not contain any dual-use additives
<b>Good manufacturing practice (GMP)</b>	The production facilities for the above-mentioned products comply with the regulations for good manufacturing practice (GMP) directive 2023/2006/EU.
<b>Conclusion</b>	<p>We guarantee with this statement that the above-mentioned products comply with the Danish declaration no. 681 and the EU regulations 1935/2004/EU and 2023/2006/EU, provided that the product are recommend for use as intended:</p> <p>- for food at temperatures up to 70°C in 2 hours, except from fatty food.</p>
